Members are asked to think hard for nomination to committee and most importantly, the positions of Editor for both Rag and newsletters. Your committee struggled for the last year with this task due to a medical issue of the last-minute volunteer not being able to fulfil the task. We are indeed grateful to Sue Banks for working closely with the Secretary to meet the task. But the time has come where the position of Editor now needs to be filled. Sue's commitment to her family now needs to take precedence.

Your secretary gave notice of doing one more year while the position of Editor was established. That year has now passed, and Gordon will not accept a nomination for the position of Secretary this year. He has commitments with other clubs that have been kept on hold for some time while manipulating the editor process. He advises that he would still be available to assist the incoming secretary.
